### WHEN ORDERING A MOTOR OR PUMP:

1. Ensure you are ordering the correct model -refer to the exact number on the original part. Do not order solely based on the parts book.
2. Replacing all motors, pumps, and lines at the same time is strongly suggested, to reduce possibility of contamination in the system.
3. Absolutely ensure that you work in a clean space, where you can keep any dirt or debris from getting into the system.
4. Flush the tanks and install new oil filter. Fill the reservoir with new oil at the recommended level.
5. Only use the proper type and grade of oil as recommended by the machine manufacturer. Most units will use advanced synthetic oil such as 20W50 Synthetic Motor Oil .
6. Install motor and pumps. Ensure all lines are properly connected and tightened.
7. Ensure proper tightening and installation of hubs, nuts and cotter pins. Properly purge air from the system. Recheck oil levels.
8. Perform ongoing maintenance and oil changes.

**IMPORTANT TO NOTE:** Contamination in the system will immediately occur as a result of failure to follow recommendations above and will invalidate any warranty.

### \*SPECIAL NOTES:

1. The STP motors may look different from OEM models, including size differences.
2. Verify performance specifications are acceptable.
3. Some modifications may be required to accommodate design difference.  
*Modifications may include:*
  - A. Change hydraulic hoses
  - B. Change oil port fittings
  - C. Switch motor ports to change rotation (motors are bi-directional)
4. Not all models require modifications.
5. Modifications are solely for the purpose of allowing for proper install and do not affect specifications.

### Operating Recommendations:

1. Premium quality hydraulic oil with a viscosity of at least 70 SUS at operating temperature is recommended.
2. Fill with fluid prior to any load applications.
3. Do not run at maximum torque and speed simultaneously.
4. Run motor for about one hour at 30% of rated pressure before applying to full load to ensure maximum motor life.

*Dimensions and design may vary from other manufacturers' units. To verify the motor will work for your existing application, please request additional*

# Terms and Conditions

## Applicability

All applications listed are for reference only and are not guaranteed for suitability. Please verify the suitability of your particular application prior to ordering. Sonic is not responsible for any costs related to returns arising from mis-applications issues.

## Damages and Lost in Transit

All claims for damages and loss of goods in transit must be reported directly to the Carrier as well as Sonic Tractor Parts. Claims should be made within 7 days of receipt of merchandise. Claims made on orders without insurance are not guaranteed. Transit and freight insurance is strongly suggested for all shipments, but at the discretion and request of the customer.

## Delivery

All items in stock are shipped immediately according to the customer's instructions. Items not in immediate stock are placed on backorder, unless otherwise indicated. Backorder availability is subject to change, and quoted timeframes are estimates only. Prices are subject to change at any time on backorders.

## Freight and Shipments

Our standard shipping method is UPS Ground. Other methods of shipping are available per the request of the customer. All shipping charges are prepaid and billed to the customer, unless otherwise specified at the time the order is placed. Customers who have established shipping accounts must designate their account numbers and any applicable instructions on their purchase orders.

## Limitation of Liability

Sonic Tractor Parts shall not be liable for loss, damage or injury directly or indirectly arising from the use of our products. Damages include, but are not limited to loss of profits or revenue, cost of purchased or replacement goods, or claims of customers whether arising from negligence, breach of contract or howsoever. Before using, the user shall determine the suitability of the products for its intended use, and the user shall assume and be liable for all responsibility and risks in connection therewith. The user accepts the product without warranties expressed or implied, other than those stated herein. There are no warranties which extend beyond the description of the face hereof. There is no implied warranty of merchantability.

## Payment

Payment is made subject to account terms. Late payments are subject to a monthly interest charge. Returned checks are subject to a returned check fee of \$25.00. Sonic Tractor Parts reserves the right to suspend or cancel any accounts in default.

## Price

All prices quoted are accurate at the time of quote. Prices are subject to change at any time. Prices and quotes, unless otherwise indicated, are Ex-Warehouse Miami, Florida U.S.A. net in US Dollars. Prices do not include any applicable sales tax, custom duties, costs of transportation, packaging or insurance.

## Returns

All returns must be authorized prior to the return shipment being effected. Sonic Tractor Parts reserves the right to inspect all parts returned for warranty before warranty claims will be honored. All return shipments must be freight prepaid. Non-warranty returns, other than those made in error by Sonic Tractor Parts, Inc., will be subject to a 15% restocking charge. All returns must be in new and saleable condition and purchased from Sonic Tractor Parts within the preceding 30 days. Processing time for returns will vary.

## Warranty

Sonic Tractor Parts warrants all products to be free from defects in material and workmanship for the time stated in your product specific materials, on the condition that products are properly installed and operated. A copy of the original invoice, application information and installation details must be furnished with warranty claims when requested. Sonic Tractor Parts reserves the right to inspect any or all parts returned for warranty before warranty claims will be honored. The warranty shall be void in case of accident, abuse, misuse, negligence, application for which the products are not designed for, alteration, disassembly, dismantlement, etc. The warranty is limited to repair or replacement of defective products by Sonic only.
